Peoples Library presents...

Summer Reading 2010

What is it?

It's a fun and free way to encourage kids to read. Research has shown reading during summer vacation maintains and improves children's reading skills, while they have fun at the library! From June 21st through August 13th, readers of all ages can set a reading goal, keep track of progress, and collect cool prizes! Look for special incentives and programs to keep *making a splash* at our library, all summer long!

Who can join?

All ages are welcome. Watch for separate programs, including special camps, for ages 10 and up.

How do I sign up?

It's easy! Fill out and return the registration form, then register for individual programs online in the Events section of www.peopleslibrary.org or by calling 724-339-1021 ext. 14

When is it over?

Once children meet the reading goal they have set with their parents, they can collect a certificate and coupons. A special wrap up party will be held on August 13th.

Are there any really awesome events?

There sure are! Join us in June and July for preschool storytimes, programs for elementary school students, teens, magic shows, Sadecky puppets, Stage Right!, and MORE!
